

Bio Surf

Foaming Enzymatic Concrete Cleaner

Bio-Enzyme

Description

Bio Surf is an advanced Enzymatic foaming concrete cleaner. This product contains special enzymes that digest motor oil and grease commonly left behind on concrete from automobiles. This product is ideal for large parking lots and other places such as mechanic shops, convenient stores and gas stations. This is an environmentally preferred solution when picked up with absorbent after using Bio Surf. The enzymatic action of Bio Surf continues to work long after you apply to concrete.

Directions for Use

Apply Bio Surf as is with foaming sprayer onto soiled areas. Wait 5-10 minutes then scrub with stiff brush or broom before rinsing. For no-rinse cleaning after scrubbing, apply an absorbent to cleaned area and lightly scrub until all liquids are absorbed. Sweep area clean of residue.

Safety Cautions

- Keep out of reach of children
- Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material Safety Data Sheet (MSDS). The label and MSDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.

Features & Benefits

- Cleans and digests motor oil stains, grease, and hydrocarbons
- Environmentally Safe
- Enzymes continue to work after each use

Specifications

Appearance:	Blue Turbid Liquid
Odor:	None
Specific gravity:	1.00
PH:	6.5 – 7.5
Biodegradable:	Yes
Detergency:	Excellent

Dilution

Ready To Use

Available Sizes

Case / 4x1 gallon: Item # 603004

Pail / 5 gallon : Item # 603005

Drum / 55 gallon : Item # 603006
