

Dust Mop Treatment (S)

Solvent (oil) Dust Mop Treatment

Hard Floor Care

Description

A high quality dust mop treatment that attracts and holds dust to the dust mops. Lifts dust quickly and completely from all surfaces. Formulated to attract dust to mops and cloths which have been lightly sprayed, this product picks up and holds dust like a magnet. Dust Mop Treatment is ideal for maintaining all types of flooring: wood, vinyl, terrazzo, concrete, quarry tile, and synthetic sports floors. Low evaporation rate, makes it very economical to use.

Directions for Use

How to properly treat a Cotton Dust Mop with Dust Mop Treatment

Place paper or cardboard on a floor surface to prevent staining of floor. Place the dust mop on the paper with the fibers facing down. Determine the correct amount of treatment needed, start by measuring the length of the mop and calculate the amount of dust mop treatment necessary. The amount of treatment for a cotton dust mop is 1 ounce per 3 inches of dust mop. Pour the proper amount of Dust Mop treatment into a measuring cup and pour directly through the **backing** of the mop.

Example: A 24" dust mop requires 8 ounces of treatment. A 36" dust mop requires 12 ounces of treatment. Pour the dust mop treatment through the backing of the mop (as evenly as possible) and roll the mop up. Place the mop into a plastic bag for 24-48 hours (this allows the treatment to wick and work its way through the cotton fibers). Remove the dust mop from the bag and place the proper size frame and begin using.

Safety Cautions

- Keep out of reach of children
- Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material Safety Data Sheet (MSDS). The label and MSDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.

Features & Benefits

- Treated mops last longer and work better than mops treated with any other formula.
- Attracts dust and dirt
- Holds dust like a magnet
- Brightens surfaces
- Economical
- Penetrates mop fibers

Specifications

Appearance:	Clear Liquid
Odor:	Bananna
PH	N/A
Specific Gravity:	.82

Dilution / Coverage

Ready to use, no dilution required

1 ounce of Dust Mop Treatment for every 3 inches of mop

Available Sizes

Case/ 4x1 gallon: Item # 111304

Pail/ 5 gallon: Item # 111305
